

Next week, Members of PWL-managed investments will be attending our annual meeting, in person or via Zoom. We will discuss the audited 2025 results and our outlook for the year. We host three such large meetings each year in the Seattle area (two of which we live-stream for those who can't attend in person), typically in April, July, and December. We also host smaller Member meetings in Boise, Portland, the San Francisco Bay Area, Silicon Valley, and occasionally other places on a less predictable schedule. This year's meeting will include a look back at the Seahawks victory in the Super Bowl with a member of the champion team joining us for breakfast and photos.

### Club Deals

Our recent investments, such as **Portage Crossing**, demonstrate that we continue to source high-quality, tax-advantaged real estate investments even in this challenging market. If you are interested in participating, please don't hesitate to call me. The terms for club deals are very similar to those underlying PWREI & PWRE2. We charge a one-time acquisition fee of 1% and an annual management fee of 1% of the asset value. We split the profits 80/20 in favor of investors. The minimum investment is typically \$250,000. **Usually, Club Deals are only circulated to past PWL investors who inquire directly about participating.**

### 1031 Exchanges

In the last three years, PWL has facilitated **more than a half-dozen 1031 exchanges** for investors. Our recent acquisition of [\*Cooper Village\*](#), added another property to our growing list of Investment Vehicles that include 1031 exchange dollars.

The tight 45-day property identification period is the biggest challenge of the 1031 exchange process. Josh and his team analyze every single property that comes onto the market in the states and sectors we follow, which is critical for finding potentially excellent investments in the current challenging market. This wide-net view of current offerings, combined with our thorough and conservative evaluations, means we present opportunities to potential investors only when we believe they are genuinely high-quality investments.

We do not reduce the rigorousness of our evaluation process for properties simply because we have an investor on a tight deadline to complete a 1031 exchange. The more advanced notice we have, the higher the likelihood you will make a successful exchange.

## Final thought:

**Sometimes good surprises come with a little mystery.** We recently received a box of fresh grapefruit. Thank you to whoever sent it our way! Unfortunately, the box arrived without a note, card, or return address, so we do not know whom to thank. If you are the thoughtful sender, please let us know so we can properly express our appreciation and ensure our thanks don't get lost in the pulp.
